

Price list SPITA ResQ-tape 2022

SPITA ResQ-tapes come in a wide range of different products. Some products are designed for general use, while some other products are specially designed for a designated application. Details can be found on our website, or requested by sending an e-mail to: sales@spita.eu.

ResQ-tape Professional 25mm x 3,65m x 0,5mm (width x length x thickness)

This product is the top of the range with minimum 12Bar pressure resistance (when approx. 6 layers are wrapped with maximum stretch!! Can also insulate minimum 12kV per single layer!

See for more specifications the SPITA ResQ-tape comparison list.

Comes with red guideline on the tape for easy identification!!

ResQ-tape Classic 25mm x 3,65m x 0,5mm (width x length x thickness)

This is the original product that was first introduced as a self-fusing silicone tape. It offers a pressure resistance of 8Bar (when 8 layers are maximum stretched applied) and insulates 8kV per layer.

See for more specifications the SPITA ResQ-tape comparison list.

ResQ-tape Heavy Duty 50mm x 7m x 0,75mm (width x length x thickness)

This product is derived from the SPITA ResQ-tape Classic range (made from the same compound) but intended for heavy industrial use and special applications. The tape has a dielectric strength of 15kV per layer and is pressure resistant up to 16Bar. The tape is 50% thicker than standard and very suitable for use on large diameter pipes and cables. Very durable in extreme weather conditions. See for more specifications the SPITA ResQ-tape comparison list.

ResQ-tape Electrical 25mm x 7,5m x 0,25mm (width x length x thickness)

This product is specially designed for electrical insulation and waterproofing electrical connections. The tape is very flexible and can be wrapped on very thin cables and small connectors. It has a high dielectric strength of minimum 5kV per layer. The tape is UV-resistant and all weather-proof. See for more specifications the SPITA ResQ-tape comparison list.

ResQ-tape Flame Retardant 25mm x 6,1m x 0,3mm (width x length x thickness)

This product is specially designed as flame retardant tape for electrical insulation and waterproofing electrical connections. The tape is very flexible and has excellent arc-and-track specifications. It has a high dielectric strength of minimum 8,5kV per layer. The tape is UV-resistant and all weather-proof.

Comes with YELLOW guideline on the tape for easy identification!!

See for more specifications the SPITA ResQ-tape comparison list.

PRODUCT CODE	EAN CODE	COLOUR	PACKAGING	PRICE per roll ex VAT
RT1012020GY-FR-RY	8718591410734	Grey	24 rolls / box	€ 24,75

ResQ-tape Flame Retardant 50mm x 11m x 0,5mm (width x length x thickness)

This product is specially designed as flame retardant tape for electrical insulation and waterproofing electrical connections. The tape is very flexible and has excellent arc-and-track specifications. It has a high dielectric strength of minimum 14kV per layer. The tape is UV-resistant and all weather-proof.

Comes with YELLOW guideline on the tape for easy identification!!

See for more specifications the SPITA ResQ-tape comparison list.

RT3030036GY-FR-RY	8718591410758	Grey	6 rolls / box	€ 129,75

ResQ-tape H2-Detect 25mm x 4,5m x 0,25mm (width x length x thickness)

This is a colour-changing self-adhesive silicone tape to detect hydrogen gas (H₂) leaks in fuel cells, transmissions, storage and generation facilities. When in contact with concentrated hydrogen gas, the colour of the tape changes from grey to black in the event of a leak due to damage or seal failure. The tape is UV and weather resistant.

Comes with **BLUE guideline** on the tape for easy identification!!

PRODUCT CODE	EAN CODE	COLOUR	PACKAGING	PRICE per roll ex VAT
RTH210015GY-PF4	8718591415142	Grey	24 rolls / box	€ 89,75

Note: The tape has a perforation per 10 cm length for easy tearing. Each piece of 10cm tape is sufficient to seal a 6mm diameter connection. For a connection with a diameter of up to 12mm, you must use two pieces.

SPITA ResQ-tape Perfect Grip 33mm x 1,2m x 1,7mm (width x length x thickness)

This is self-fusing silicone tape with a unique pattern of comfortable ridges. Easy to use on all kind of tools, sports equipment, handrails, etc. to achieve a secure handle or improved grip.

ResQ-tape Putty 25mm x 0,45m x 3,1mm (width x length x thickness)

SPITA ResQ-tape Putty is a silicone putty for use in cracks and voids in damaged pipes or hoses. The putty molds easily into small cracks or pinholes on pipes and rigid hoses. Excellent for sealing air and steam leaks in combination with SPITA ResQ-tape. The putty always needs to be overwrapped with SPITA ResQ-tape to keep it in place.

PRODUCT CODE	EAN CODE	COLOUR	PACKAGING	PRICE per roll ex VAT
RT-PUTTY90-BK	8718591415166	Black	24 rolls / box	€ 24,50
RT-PUTTY90-GY	8718591415173	Grey	24 rolls / box	€ 24,50

WARNING: After using / touching the silicon putty it is recommended to wash your hands to remove small particles from the skin. You can use common hand soap.

Besides the (standard)products in this price list we offer the following alternatives:

- **Tri-sectional tape:** 25mm tapes can be longitudinal cut in 3 separate sections. The 8mm wide tape stripes allow easy wrapping on very thin cables/connectors (e.g. repair of shrink wrap on I-phone charger)
- **Triangular tape:** triangle shape tape (up to 30% thinner at the edges) as a lower cost alternative
- **Perforated tape:** distance between perforations can be selected; available on all widths of tape
- **Length of tape:** we can supply any length of tape between 0,9m and 30 meter
- **Width of tape:** optional widths are 12,5mm / 19mm / 38mm and 62mm
- **Extra colors:** beige, cherry red, dark brown, neon green, oxide brown, pink, purple

All prices are excluding VAT (if applicable) and excluding freight/duties (if applicable).

All orders are prepaid by wire transfer/cash in advance unless otherwise agreed in writing.

On all orders our General Terms of Sales are applicable.

This pricelist is valid from 01-01-2022 (January 1st, 2022) and supersedes all previous pricelists and discount tables.
